6. Mobile Home Park Compliance Inspection Reports

Guild stated that the Planning and Development department completed the actual physical inspections of the four Mobile Home Parks and Wehner put together an inspection report comparing the June inspection (in which the Village Board granted a 6 month temporary license) to the October inspection. The report was to hopefully show improvements from June to October. Guild also stated he composed a letter to each Mobile Home Park stating his opinion and the amount of staff time and energy staff has been putting into handling the complaints and issues at the parks and how they have been managed in the past. Guild stated staff has four recommendations to the Committee. Staff is recommending to renew three of the parks through the remainder of their license year (June 2016) and to deny their license. Guild also made note that the property maintenance will be an ongoing process as it is throughout the Village per the Municipal Code and directed by the Committee and Board.

a. Recommendation to the Board of Trustees regarding the renewal of the mobile home park license for Colonial Gardens Mobile Home Park.

Anita Pemberton (972 E. Sunnyview Rd. Oshkosh, WI 54901) spoke from Colonial Gardens stating she felt that they have done a good job of bringing their property into compliance from June to October and are continuing to make progress. White made note of staff's work on inspecting the parks feels that the majority are in the "C" rating (or 75% complaint) and he would like to see it more in the 90% compliant range.

M/S: White/Fiene: to recommend to the Village Board the renewal of Colonial Gardens Mobile Home Park license for the remainder of the 2015-2016 license year per the recommendation of staff with the addition that the park be in at least 90% compliance by the license renewal date (June 2016) for the license year 2016-2017.

Q: Fiene stated that per the color coding 37 lots have not made progress and what is the plan by management to come into compliance by June 2016. Pemberton explained that they would need to wait until spring to finish some of the problems particularly the addressing. She also had a question as to what can be done to residents who "own" their own trailer and may not have money to fix/repair it.

Guild stated the Village has particular resources per the Village attorney there were ways to get help and he would share those options after the meeting. Hansen agrees that there should be some objective measurements but just using the information in the system right now is not sufficient as she sees it. She feels it should be weighed as to what is important and what is not; what is dangerous (no back steps) and what is not (cracked skirting). She wants to make sure they are being treated the same as a regular home owner and that the "big" issues are being dealt with not so much the little issues (i.e. numbers too small). Guild stated that staff is just following what is stated in the code and they are recommending renewal as long as they continue to make progress. Guild also stated that per the Police and Fire departments addressing plays a big factor and per capita the mobile home parks tend to require their assistance more often than other neighborhoods. White also agrees there are some "bigger" issues but something like addressing is a quick fix and that some of the smaller ones can create certain other issues. Wehner stated that not having proper skirting helps prevent vermin from getting to the utilities underneath the home. Martin asked Pemberton if having the Park 90% by license renewal would be attainable. She stated they could probably get to 85% but due to some of them owing their own home and only paying lot right, it is hard to make them do the right thing or be able to pay for it. Guild reiterated that the Village has resources per the Village attorney to help balance that. White also asked about the rental agreement and if there was anything about maintenance standards in there in which Pemberton stated "yes", so therefore they residents should know what is expected on them for property upkeep. Fiene stated that it is frustrating to see so many no in compliance yet. Schuster reminded everyone that Colonial Gardens is making progress.

Motion carried 4-1. Martin voted no as he felt 90% compliance would be hard to meet.

b. Recommendation to the Board of Trustee regarding the renewal of the mobile home park license for Stillwater Landing Mobile Home Park.

White questioned Wehner if there were some that were missed or were in error the first time and were caught the second time. Wehner agreed stating that sometimes the back steps were hard to see. Schuster stated Stillwater has brought their property from 37 to 65 in compliance. Debbie Fletcher (4311 Schofield Ave #100, Weston, WI 54476) spoke from Stillwater Landing and stated when Ken Umbarger bought the park it was in total disrepair and even though they have a long uphill battle it is their every intention to continue to make improvements. Fencing is a big issues and will be installed along E. Jelinek Ave in the 2nd Quarter. They are continuing to work on getting better tenants and are running nationwide background checks. Police calls have also gone from near a hundred to this last month having 27, in which 22 were medical emergency calls. They are also working with WPS and Charter on addressing as it is very confusing to find where certain trailers are. Fletcher does not disagree with the report. White stated he appreciated all the work they have done and the high percentage of trailers that were brought into compliance.

M/S: White/Schuster: to recommend to the Village Board the renewal of Stillwater Landing Mobile Home Park license for the remainder of the 2015-2016 license year per the recommendation of staff with the addition that the park be in at least 90% compliance by the license renewal date (June 2016) for the license year 2016-2017.

Q: Fiene asked about where they were at on the Utility Bill payment. Fletcher stated it had been paid in full. Wehner verified that is was paid today (11/23/15).

Motion carried 3-2. Martin and Hansen voted no as they felt 90% compliance would be hard to meet.

c. Recommendation to the Board of Trustees regarding the renewal of the mobile home park license for Weston Manor Mobile Home Park.

M/S/P: White/Schuster: to recommend to the Village Board the renewal of Weston Manor Mobile Home Park license for the remainder of the 2015-2016 license year per the recommendation of staff with the addition that the park be in at least 90% compliance by the license renewal date (June 2016) for the license year 2016-2017.

Motion carried 3-2. Martin and Hansen voted no as they felt 90% compliance would be hard to meet.

d. Recommendation to the Board of Trustees regarding the denial of the mobile home park license for Alpine Mobile Home Park.

Barb Rolan (1329B Townline Road, Wausau, WI 54403) spoke on behalf of Alpine (as the manager) and stated she disagrees with 34 items on the list and has pictures. She stated there was one trailer that was documented as not having an address in which there was a number on the trailer. She also stated there was a trailer that was documented that the skirting was in disrepair and she stated it wasn't it disrepair. Rolan stated they took 9 tons of garbage out of the park. She also stated that the owner of the park who is a vet relies on the income from this to live. Rolan agreed that it fell into disrepair but only started taking it over from her mother before the initial inspections began. She states that she spent two days cleaning every lot and every lot is spotless. Guild explained that the report is not saying they didn't do anything but it is saying there are identified issues that are violations of the code and those issues were identified this spring and all the mobile home park owners were given a copy of their inspection report and told they were be given a 6 month probationary status to bring the issues into compliance. They also all new that they were going to get re-inspected and there was going to be a follow-up. Guild stated the report shows is the visual inspection and what is in violation of the code. Rolan states that the report has a trailer as being abandoned and it wasn't. Guild questioned Rolan and asked if she attempted to make contact with the Village in the 6 months they were on probation and she stated she did not as it was left to her mother. Rolan stated her mother made an attempt to set up a meeting with Scott who had forgot to put it on his calendar. Guild also questioned who was responsible for the property was it her, her mother, Ken as it is hard to have an understanding on what needs to be done when different people are responsible. Rolan stated it was her and her mom, but her mom and Ken are now in Florida. Guild recommend that if the operator of the park feels that strongly that there were errors in the report the Village would be more than happy to re-access and re-inspect the park to see where the misunderstanding is and resubmit at the next Community Life and Public Safety Committee. Guild then stated that this park has been part of the community for decades and each year it falls further into disrepair in which Rolan agreed. She did state that it is her goal to make this into a pristine park and is not happy with the way it is. Guild stated that operating a mobile home park (or your own home) is not a right it's a privilege and in order for this community to work, every property owner needs to live up to their responsibility, and if they don't the Village will use their tools to bring those properties into compliance, in which Rolan agreed. Schuster stated that there is a disagreement between Rolan and staff and that Rolan and Village staff will need to re-inspect the property and see who is right and reconvene this discussion at the next Community Life and Public Safety meeting which is scheduled for January 25, 2016. White asked if it would be appropriate if Rolan accompanied Village staff during the next inspection and she agreed. White also questioned the 9 trailers that were slated for removal and what the status is on that. Rolan stated they couldn't get a trailer in there to remove some of them because they were so bad and they have to have them torn down on site which she hopes to do in spring 2016. White stated that it is important as they make progress on something that they inform staff so they can come look at it. Guild would like more proactive communication from the Park.

M/S/: Fiene/Martin: to defer the recommendation to deny the mobile home park license for Alpine Trailer Park until the next regular scheduled meeting to give staff and management the opportunity to do a joint inspection and report back at the next meeting.

Q: Martin stated that from the last meeting that Building Inspector Scott Tatro stated the park hadn't been inspected in 6 years and then they came up with a list of violations after the inspection and now they came up with another list without giving them much time to react. Guild stated this was a report regarding progress that should be have been made in the last 6 months so there shouldn't have been a lot of issues especially if the parks had communicated with staff. Schuster also reminded the committee that it isn't the first time that Alpine's license has come into question. Fiene questioned if the utility bill has been paid and Rolan stated it had not been and that Ken is working on it as it was over \$10,000 due to a water leak. Hansen suggested that staff and park management come to some understanding

regarding the trailers that need to be torn down and to include the percentage of homes in compliance (or not in compliance). Guild stated they can do that.

Motion carried unanimously.

7. Recommendation to the Board of Trustees regarding the denial of a “Slow Deaf Person in Area” sign on Mount View Avenue.

M/S: White/Fiene: *to recommend to the Village Board the denial of a “Slow Deaf Person in Area” sign on Mount View Ave.*

Q: White stated it has been his experience and law enforcement can back him that when these signs go up nobody pays attention to them, they are not enforceable and if they are going the speed limit (25 mph) they are not in violation of anything. White also stated when they have put these signs up in the past the person moves and the sign remains. Sparks concurs with White and that it is unenforceable and the speed limit is 25 mph and if you are trying to cross the street you still need to make sure it is clear. Sparks also feels it may give people a false sense of security thinking the sign is going to make people more aware. Schuster also stated that there are a lot of signs still out there for children at play and there are no children anymore. Guild stated that staff is planning on doing a sign audit as time allows as to what signs are deemed unnecessary. Martin inquired about the fluorescent kid with the red flag figures that people put out at the end of their driveway and was wondering if the lady could do something like that in which Fred stated they are not permissible if they are on Village property.

Motion carried unanimously.

F. Staff Reports on matters related to community life and public safety.

8. Everest Metro Police Department.

Chief Sparks talked about the illegal gambling machines at the Class A establishments (i.e. gas stations). Letters were sent to all of them on August 25, 2015 spelling out the State Statute and giving them 30 days to get rid of them. After all the establishments removed the gambling machines the Schofield Avenue Shell brought them back prompting and investigation by Everest Metro Police. After undercover detectives played the machines and were paid out numerous times, did draft and execute a search warrant and confiscated all the gambling machines and related evidence. Charges are behind referred to the DA’s office and pursuant to State Statute in which they may be facing a liquor license revocation.

White questioned the number of EMS calls to one particular trailer (3 in one day, 15 in one month) at Stillwater Landing and if a report has been filed with Social Services. Sparks was going to look into this. Hansen question the prostitution arrest and that the solicitor was released and the prostitute was taken into custody. Sparks stated this woman had 5 prior prostitution arrests and an extensive criminal history. Hansen also made comment about Restorative Justice program regarding the Schofield Avenue Shell’s gambling machine issue.

9. South Area Fire & Emergency Response District

There was no report from from SAFER.

10. Village/Taxpayer Relations.

Hodell talked about tying up loose ends regarding lawns getting mowed, garbage, vehicles, leaves and general property maintenance. Schuster commented on the success of the Farmer’s Market and the good work of staff.

G. Report from Administrator on matters related to community life, and public safety.

There was no report from Administrator Guild

H. Communications and recommendations from Committee members.

I. Set next meeting date, and discuss items for next committee agenda:

The next meeting is scheduled for Monday, January 25, 2016 at 6:30 p.m.

J. Adjourn.

Schuster adjourned meeting at 7:41 p.m.

Respectfully Submitted,

Renee Hodell – Taxpayer Relations Coordinator

BACKGROUND:

Hui Law, with WASABI, LLC, contacted the Village requesting a class B Beer and liquor license at 3703 Schofield Avenue. He was told that there were no regular licenses available to apply for, but if the former owner/agent surrendered his current license back to the Village for that location, he could then apply for it. The former owner/agent was contacted about the license and he has since surrendered the license back to the Village. Some things to think about when considering approval or denial of an alcohol license include the

concern for public health, safety and the welfare of the community. The village has issued several licenses to this location in the past, and I'm not aware of any concerns relating to public health, safety and the welfare of the community. There are a few contingences to issuing this license, which include all members of the LLC passing a background check, publication of the application and providing proof of a Wisconsin seller's permit. I recommend the committee approve this license with those contingences.

Re: Manufactured Home Park Annual Inspection Report – Alpine Mobile Home Park

1. Policy Question:

Should the Community Life and Public Safety Committee recommend the approval of the mobile home park license for Alpine Mobile Home Park for the remainder of the 2015/2016 year (expiration date of July 1, 2016) to the Board of Trustees?

2. Purpose:

The purpose of asking this question is to receive guidance and feedback from Village policymakers regarding the “policy question” written out above. Specifically, staff recommendation based on site visits and on the inspection report.

3. Background:

Alpine Mobile Home Park consists of 39 lots on a 4.25-acre parcel on Schofield Avenue. Kenneth Ruether, the current owner has owned and operated the property since 1992, according to land records. The park is currently behind on the utility bill and owes \$1,382.99 (1/22/2016). The property is currently listed for sale at \$549,900.00 (MLS # 1505085).

4. Issue Analysis:

In June, it was determined that staff needed to take a more active role in managing the level of compliance within the manufactured home parks, as the management in many of the parks had become unresponsive to the majority of the responsibilities placed upon them as managers, allowing the condition of the parks to fall into a state of disrepair. The report from staff confirms the dilapidated condition (see attached) with only 12 lots at the minimum acceptable standard (3 of those lots are vacant), which makes Alpine the lowest quality park within the Village. The condition of the homes are in very poor condition and may not even meet uniform dwelling codes based on the outside appearance and anecdotal evidence derived from complaints of current and past residents.

Since the November Community Life and Public Safety Committee meeting, staff has met with park management to establish an active remediation plan to bring the park into acceptable levels of compliance. The acting park manager has put together a timeline.

The plan needs to bring the park into at least a 90% compliance level, as that has been the standard that both CLPS and the Village Board has set as a standard for the other parks. This park, even in its severe dilapidated state, should be held to the same standards and be held responsible for the consequences if those requirements of the license are not met.

5. Fiscal Impact:

The financial impact would be the incurred legal fees as well as the required staff time, which staff has met with park management 4 times within the last 6 months (see attached report).

6. Statutory References:

Legal basis would stem from protecting the health, safety and welfare of the residents and public (Police Powers of the 10th amendment), which is the basis for zoning.

7. Prior Review:

Board of Trustees, June 15, 2015
Community Life and Public Safety, July 27, 2015
Board of Trustees, August 3, 2015
Community Life and Public Safety, November 23, 2015
Board of Trustees, December 7, 2015

8. Policy Choices:

- 1) Recommend the renewal of the mobile home license for the remainder of the 2015/2016 term (expiration of July 1, 2016) to the Board of Trustees with the stipulation that the park meets a 90% compliance upon the next inspection, which will occur on May 16, 2016; or
- 2) Recommend the denial of the mobile home license, taking no further action, which would begin the process to close the park.

9. Recommendation:

Recommend the renewal of the mobile home license for the remainder of the 2015/2016 term (expiration of July 1, 2016) to the Board of Trustees with the stipulation that the park meets a 90% compliance upon the next inspection, which will occur on May 16, 2016

10. Legislative Action:

I move that the Community Life and Public Safety makes the recommendation of the renewal of the mobile home license for the remainder of the 2015/2016 term (expiration of July 1, 2016) to the Board of Trustees with the stipulation that the park meets a 90% compliance upon the next inspection, which will occur on May 16, 2016

Address:	1919 Schofield Avenue Weston, WI 54476	Manager:	Barbara Rolan
		Email:	barbara.rolan@gmail.com

Summary: There has been improvement on the property and everything that was to be completed by January 21, since the last meeting with the manager on December 4, 2015 has been completed. The park manager has a plan in place to remediate the code violations and repairs or removal of the homes, with 9 homes up for removal; however, staff will be inspecting the park on May 16, 2016 in order to present the MHP Inspection reports to CLPS at the May 23, 2016 meeting and make their recommendation to the Board of Trustees in time for the license renewal in June. At the time of inspection, the park should be at a 90% compliance rate. Currently, the park is at 33.33% compliance rate.

Utilities: The water/sewer utility is past due \$1,382.99 as of January 22, 2016

Retirement / Promotion

Sgt. Mark Klemm retired from EMPD on January 9, 2016. Sgt. Klemm has been with the Everest Metro PD for 25+ years (he was with Weston PD prior to the police merger). Sgt. Klemm has over 30 years in law enforcement and was a dayshift supervisor for the department.

A promotional process was initiated in 2015 and Officer Nicholas Aldrich finished on top and will be promoted to Sergeant effective on Jan 18th. Officer Aldrich has been with Everest Metro since 2010 and is currently assigned to nightshift and is the department's trained Drug Recognition Expert.

New Hires

EMPD will be hiring Luke Misslin, 37 years of age, from Greenwood, WI with an effective start date of Monday, Feb 1, 2016. Misslin is currently employed as a police officer and has over seven years of full time law enforcement experience. He is also a SWAT trained officer. He will be filling the vacancy created by the retirement of Sgt. Klemm.

EMPD is also filling a new clerical position and has offered a conditional offer pending a successful background investigation. This clerical position also has a target start date of Feb 1, 2016.

Search Warrants

The EMPD Detective Bureau executed 48 search warrants in 2015 and have already executed two warrants during the first week of 2016. More detailed information on these warrants and our 2015 activities will be included in our annual report.

VILLAGE OF WESTON
RENEE HODELL; TAXPAYER RELATIONS COORDINATOR

TO: CLPS Committee
DATE: January 22, 2016
RE: Taxpayer Relations Coordinator Report

Nuisances Issues

With a big snow storm in December and a few smaller snowfalls, there have been a few cases where sidewalks were not getting cleared on a timely basis if at all. There were also some cases where property owner's cleared their driveways by plowing the snow across the street and onto someone else's property. The majority of properties were rentals and letters were sent to them informing them of the Village's snow removal policy. All but a few cleared the snow and the ones that didn't, the street department crew were sent out to clear them. A fine of \$75 was assessed along with a labor charges.

A citation was issued to a property on Aspen Street for multiple recreational vehicles, junk, and debris after no effort was made to bring their property into compliance after the letter. The resident pleaded "Not Guilty" at the Pre-Trial as he had lost his job and couldn't afford the fine. Attorney Dirks gave him a few more weeks to have it cleaned up and brought into compliance or a Trial would be set. The property was not brought into compliance and a Trial is being set for the beginning of April.

There have also been complaints regarding vehicles being parked in people's yards rather than their driveways. Letters have been sent out if there were other issues otherwise Everest Metro has been helping with this and giving warnings/tickets.

After a court judgement and fine in May, the property of Kevin King was brought into compliance. However, in August the Village started receiving complaints of his property being in violation once again. After an initial letter was sent to him to bring his property into compliance (in which it was not met) a "Non-Summary" abatement was issued. This entailed him having 30 days to bring his property into compliance or the Village would have someone clean it up for him and assess all charges. He did bring his property into compliance within the 30 days.

Alpine Trailer Park

Staff re-inspected Alpine Trailer park on 1/21/16 to followup on the progress they had made from the November inspection to see if they would obtain their license. Even though there were still some issues, they did get done (for the most part) what they said they were going to get done. The rest is to be completed by in April per management, and 90% will need to be compliance by the final inspection in May.

PetData

In previous years the Village of Weston and the City of Wausau had partnered with PetData and outside source for animal licensing. Beginning in 2016 Wausau decided to go in-house and not renew their contract with PetData. They also decided to increase their fees. The Village however did decide to remain with PetData and Sherry and I worked with them in creating new forms and pricing to include microchipping. Renewal notices were sent out in early January and residents started receiving them within the last week. However, for whatever reason, PetData used last year's form and caused a lot of confusion. They have since been notified and will be resending the renewal notices with an apology and explanation.

In December Everest Metro helped put on a Paws and Protect event where residents could get rabies shots and microchips for their pets at no cost. They will also be doing one in February, however, there will be a \$10 charge for microchipping. Residents will also HAVE to have their pets licensed before they leave.

Miscellaneous

In December News Channel 7 put together "Your Town Weston" where for a week various businesses in Weston were promoted on TV and Facebook.

Working with Daniel on the Village's 20 year Anniversary dinner which is scheduled for Friday, March 11th. A Save-The-Date postcard has been created and will be sent out within the next week once the invitation list has been finalized. The South Area Business Association (SABA) recognized the Village's 20 year anniversary with a plaque at their Annual Dinner.

Jen and I attended the Chamber's 2nd Annual Women's Leadership Conference and I was asked to be on the Panel to talk about Work/Life Balance.

The Recycling & Refuse newsletter was mailed out to residents on January 21st. The next Village Newsletter "The Weston Wire" will be the March/April edition and is scheduled to be mailed out the end of February.
